Entire band is fantastic talent. Very entertaining and they keep the crowd in to the music by quite a bit of interaction throughout their sets. Great selection of dance music which appeals to all age groups. I had numerous friends talk about how good they were for the last couple of weeks after our party was over. Wanted to know when the next one is scheduled, and of course with Memphis Underground as our choice of musicical entertainment. Give them a try if you haven't, and you and all your guests will be extremely glad you did.

MEMPHIS UNDERGROUND'S RESPONSE:

Hi Marcy, thanks for the positive review! You have a very nice place there and your clients and staff are awesome. Would you like to have Memphis underground back sometime in 2017? We are in the process of working out our schedule for the year, and we would love to play back at superior V. I went to the Kokomo website for the concert series and was amazed by the quality of music that is brought into your park venue. Do you think they might be interested in having Memphis underground play, or open up for a national act? Thank you again – we hope to be working with you again!

Band arrived well before showtime. Steve and Shawn were great as well as the rest of the group. I believe they had as good a time as we did. High energy players. Highly recommended.
